Cushions are available to match chair selected

Our furniture, cast or extrusion is constructed from environmentally friendly, rust free cast LM 6 Aluminium and is cast in permanent moulds to ensure consistent sizing, strength and replication in high quality products. The furniture is powder coated with a UV resistance, durable and maintenance free powder coating. Nylon glides under the chair legs reduce damage to delicate floor surfaces, allowing for both outdoor and indoor use.

A 5 year warranty is provided for residential use and a 3 year warranty for commercial use. For castings with paint finishes a 2 year warranty is provided on the paint finish itself.
